A LADY BANK PRESIDENT.—The Di-
rectors of the State National Bank at
their last meeting elected Mrs. M. C.
Williams President of the Bank to suc-
ceed her formidable husband, lately de-
ceased. This is the first instance of
the kind in this State.

POST OFFICE NEWS.—During the
month of January the following new
post offices were established in this
State: Red Oak, Nash county; Mead-
ow, Stokes; Greer's Store, Watnaga;
Idell's Mills, Ashe.

The following offices were discon-
tinued during the same time: Hop-
well, Mecklenburg; Pickettville, A. S.
son; Edinborough, Rowan; Warren-
ville, Sampson.

HUMAN NATURE.—An old lady
walked in a store yesterday and asked
the price of an article. The merchant,
in a rather indistinct tone, replied 25
cents. She then told he said 35, and
said she was not willing to pay so
much, but would give 30 for it. He
told her she was mistaken, that he
said 25, whereupon the old dame, true
to the instincts of the average shopper,
said she thought 25 too high a figure,
but would give 20! Thus it is, they
will ask for a reduction anyhow you
fix it.

A SHERIFF GAGGED AND ROBBED ON
THE HIGHWAY.—It is stated in a letter
to Representative Bladwell, that
Sheriff Jno. H. C. of Perquimans
county, was met on the road two
miles out of Hertford, the county seat,
by two masked men, one armed with
a double barreled gun and the other
with a pistol, who gagged and tied him
to a tree and robbed him of \$1,642 in
money. He was thus found two hours
after by some one passing. No clues
to the perpetrators.

OUR LAW MAKERS.

SENATE.
WEDNESDAY, Feb. 12th.

The Senate was called to order at 10
o'clock, President Robinson in the
Chair.

Yesterday's Journal read and ap-
proved.

PERSONAL PRIVILEGE.
The Senator from Davidson, Mr.
Leach, arose to a question of personal
privilege, and proceeded to read two
communications from the Daily News
of today, announcing upon his re-
turn and votes as a Senator. He
said both communications, written
probably by the same man, did him
great injustice, and were grossly false,
and he proceeded to read the com-
munications, and by so doing, he was
calling to their minds his action, his re-
marks in the Senate from time to time,
and his votes. He was satisfied that no
Senator had written the communica-
tions, and he was regretting that he
justified either of them, and he believed
there was not a Senator in the cham-
ber of all of whom he had maintained,
and desired to maintain the strictest
and kindest at a distance, who was cap-
able of such a wantonly untrue and
so destitute of truth, and so wanting
in the elements that constitute the
true gentleman. He regretted much,
as the better class of the thoughtful
people of his native State, and in
many of the proprietors and editors
of newspapers were permitting anony-
mous writers, and irresponsible scrib-
blers, to attack persons falsely through
their columns, to go forth to the pub-
lic with either through ignorance or
malice or prompted by malice and mean-
ness. He then took up the communica-
tions and charges therein contained,
specifically and in detail, denying each
in the light of the action and votes of
which every Senator was cognizant,
and established the falsity of the
charges, as he insisted. He went on
for some time to analyze each charge
made in the communications, with
some severity and invective, and took
occasion to review briefly his career
in the Legislature during his many
years of service and defended his lib-
eral course of policy on Internal Im-
provements, education, and to charita-
ble institutions, etc., and declared he
was proud of his past course, in behalf of the interest and
prosperity of the State, as he believed,
and that he stood by his record, acting
still upon the same general policy, and
was willing to be judged by it; that he
had never advocated a measure or
given a vote that had not for its object
the welfare of his native State, and the
happiness of her people. He said it
was not true that he used offensive lan-
guage attributed to him in regard to
the magistracy of the State, or any of
its members, and that he was not in-
tentionally guilty of any such offense.
He was grossly untrue. He respected a
man's honesty and intelligent magis-
tracy more than those who sought to
traduce him, and by falsehoods and
calumnies, and he was proud of his
admission that his actions and votes as
a public man were proper subjects of
criticism, but not of misrepresentation.

He said it was his duty as chairman
of the committee on Internal Improve-
ments to report back an engrossed bill
from the House of Representatives and
recommend its passage because he
was so instructed by a large majority
of said committee; that there was no
"gradualism" in this, but only the ac-
tion taken that is customary on all
such bills, that the bill printed had
been on the desks of Senators for a day
or two, and that neither the purport
nor the contents of the bill were stated
by the author of the communications.

In truth, the State owns and holds
eleven-fourths of all the stock in the
road alluded to, fifty-one miles of
which are completed, and the balance
of the road is under construction. After
five more remarks, further vindicating
the propriety, sustaining the
certainty of his course in this and
other matters he had been attacked
about in the communications, and ac-
knowledging that he had taken in his
defense, and thanking it for its courteous
attention, he resumed his seat.

REPORTS OF STANDING COMMITTEES
were submitted by Senators Merritt,
Moye and Waddell.

RESOLUTIONS
were introduced by Senators Graham,
of Lincoln, Snow, Everett, Bynum and
Leach.

They were introduced by Senators Seals,
Dorch, Henderson, Merritt, Davidson,
Waddell, Caldwell, Snow, King and
Repass.

SPECIAL ORDER.
The special order for today, which
was H. B. 367, S. B. 498, to change the
name of the whole State, and more
perhaps, the war is deeply interested.
Wilmington had been a friend of the
West, but the bill was not in opposi-
tion to her interests, for it would not
affect her as was thought. The bill re-
established a line of railway 100 miles in
length through a fine section not now
blessed with one. It costs the people
nothing, the State nothing. Shall
these people be deprived of the facili-
ties and advantages which this road
will give? The State is advantaged by
the increase in the number of railroads.
If Wilmington has the advantage, she
claims, the State must pay tribute to
her, but if she has not the products of
the State will not go to her. But shall
she grow rich to the injury of the rest
of the State? Mr. Cobb said he was for
the right of the people, and this day
against the system of freight discrimi-
nations in local tariffs demanded the
action of the people's representatives.
Give the road the privilege of exten-
sion, but put these safeguards around
the measure. Mr. Everett thought Mr.
Foard's amendment should apply to all
roads, but not to one. There was really
no North Carolina "system." The
Raleigh & Augusta has been a great
conservation. It has put down freight
and worked a great reform. The new
road will run through the fertile coun-
ties of Moore, Stanly, Montgomery and
Cabarrus, a section which otherwise
will be undeveloped. All that is asked
is a simple charter to lay down the
road. Every vote cast for this charter
is a vote in the interest of the producer
and the traveler, as well as of the tax-
payers of the State. This was a ques-
tion of benefit to the State, and he
would support it with earnestness. It
was his determination to aid in all
ways in these great questions of internal
improvement, and he called upon
the Republicans to stand by the cause
and work a great reform. The new
